

Art Project Spring 2020

To link with our writing project on the book 'Flotsam', we are launching an exciting new art home learning project.

The design brief is simply: A kingdom under the sea (in 3D)

The story we are studying has some very unusual creatures and habitats. Your project will need to include some brand new creatures or perhaps some familiar creatures with some strange features!

Be as creative as you can. Your project can be a model, a painting, a sculpture or something else!

Please bring projects to school by Monday 3rd Feb so they can be displayed for our open afternoon on Thursday 6th Feb.

Here are some ideas to inspire you.
