

Year 6 Learning Updates 2018/2019

Year 6 visit crucial Crew

On Friday 21st September, year 6 visited the Crucial Crew Workshop at the Bowes Lyon centre. The children took part in several workshops about different potential dangers including cyberbullying, fire safety at home, dealing with anxiety and learning about railway safety. The children thoroughly enjoyed the activities and were commended on their excellent manners and their enthusiasm.

TRAIN STATION

October

On 18th October, the children had a fabulous time, working on a basketball workshop with Paul Sturgess, the world's tallest Basketball player.

November in Year 6

We've started our new history and English topics on World War 2. Kate from the Stevenage Museum came to school to tell us more about evacuees in the war. She also left us some artefacts from the 1940s to investigate.

December 2018

In History, we have been learning about the events of World War II. We created timelines to order these events.

January writing project

We will be starting the term with an exciting whole school writing project based on the picture book, 'Journey' by Aaron Becker.

Every year group will be working on a narrative piece describing a ride on a flying carpet and an extra piece based on a different aspect of the story. Alongside the main piece of writing, Year 6 plan to write a shorter descriptive piece based on the enchanted lantern forest which appears earlier in the book. A wide range of writing and artwork from the project - including the flying machines (also based on the book) - will be displayed across the school for parents to come and see on Wednesday 30th January.

January 2019

As part of our whole school writing project, we made a city skyline and invented flying machines.

February 2019

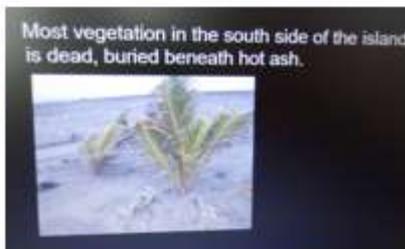

March 19

Investigating microorganisms in science

In geography, we have been studying mountains and volcanoes. We carried out a role play activity about the volcanic eruption on Montserrat in the 1990s.

Most vegetation in the south side of the island is dead, buried beneath hot ash.
