

October 2020

It's been a busy October! In English, we completed Voices in the Park, which included some beautiful poetry.

We have now moved on to World War II, which has proven to be very popular so far. To immerse ourselves in the unit of work, we created our own information posters.

In RE this month, we have learned about Humanism, Christianity and Buddhism. We even had a go at making our own Lotus Flowers!

In our first sports competition of the year, we participated in an intra-athletics competition, including events such as javelin, long jump, hurdles and sprints.
