

November 2020

In Maths we have been applying our mental arithmetic skills and using what we know about place value to add and subtract. We are also beginning to understand that addition and multiplication are COMMUTATIVE and subtraction and division are not!

GDS

Fill in the missing numbers
Show your working out

2

True or false?

$$25 + 4 + 10 = 10 + 25 + 4$$

50 less than 240 is equal to 240 less than 50

Complete the number sentences.

a) $323 - 60 =$

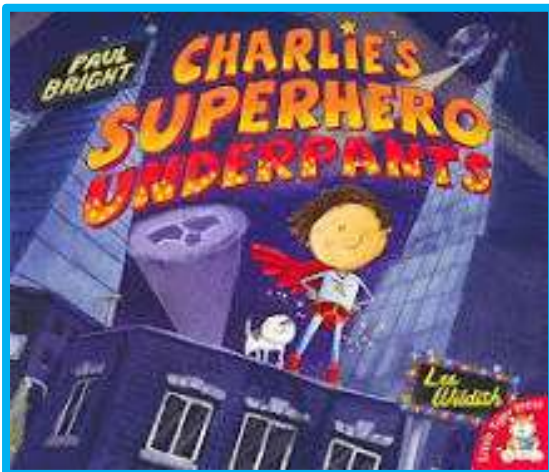

3

You can't subtract 70 from 624 as there aren't enough tens.

Rosie is wrong.
How do you know?

| H | T | O |
|---------|-------|-----|
| 100 100 | 20 20 | 1 1 |
| 100 100 | | 1 1 |
| 100 100 | | |

In English we have been working from 'Charlie's Superhero Underpants'. The children have really enjoyed the story of Charlie, who searched high and low, all around the world, for his missing pants. But no pants can be found. In the end, Charlie does locate them **yet** in the most unlikely of places! Children have been very successful in re-writing the story in their own words. Children have made sure to include all recently taught writing skills. Including commas for lists, subordinate conjunctions and interesting verbs.

In other areas of the curriculum we have been learning about what Stone Age life was like (History) and we can now talk about which fruit we do or do not like in French!

 Non, je n'aime pas les fraises.
