

History at Almond Hill Junior School 2023-2024

Subject leader: Miss Porter

Subject Intent Statement

By the end of KS2 children at Almond Hill will...

- understand the **impact of the past** on the world we live in - including our own impact on the wider world.
- form critical opinions on significant events and aspects of History through **self-led enquiry**.
- have accumulated a substantial array of **subject specific vocabulary** and apply this language competently.
- have secure **chronological understanding** of historical events - local, British and worldwide.

Implementation

Children at Almond Hill will achieve the criteria mentioned above through class teacher taught lessons on two specific topics for each year group. History will be taught both discretely for historical knowledge, and also in combination with other foundation subjects through a topic based learning approach.

During every topic, every child will take part in a historical enquiry. These enquiries will progress as the children move further up the school as mentioned in the progression of skills. Children will investigate artefacts as well as primary and secondary sources of information.

Where possible, children will also complete some cross-curricular writing as part of their History learning, and it would be expected that more cross-curricular writing is seen in the upper school. We use a range of teaching techniques and activities that may not result in a written outcome, which could include role play or illustrations. History lessons are made to be as engaging as possible by using other styles of learning which may include design and technology, art and drama which ensure that all children, including disadvantaged pupils and pupils with SEND, can access and enjoy the learning. Other provision for children with SEND may include adapted tasks, adapted resources or other additional support tailored to the child's specific needs.

Curriculum Developments

- Support for Benin unit in Year 6 (resources and artefacts bought)
- Tailoring WWII unit in year 6 to suits needs of refugees
- Giving more opportunities for children to meet ARE expectations
- Staff training on using enquiry skills more regularly
- Some year groups implementing retrieval practice into History to improve children's knowledge of key facts
- Expectation to have chronology timeline on display and referred to
- Diverse topic readings will build children's historical awareness

Topics/Units Across the Key Stage

	Autumn	Spring	Summer
3	The Stone Age to The Iron Age	The Ancient Egyptians	
4	The Ancient Greeks	The Romans	
5		Anglo Saxons The Vikings	
6	World War II	Benin (West Africa)
