FOR FAMILIES

Welcome to the Hertfordshire Family Support Service

Hertfordshire's Family Centre Service is made up of the Public Health Nursing Service (Health Visitors and School Nurses) and the Family Support Service. Our purpose is to support children and families to have the best start in life, develop well and thrive. This leaflet provides you with details of what the Family Support Service offers and how to access it.

What does the Hertfordshire Family Support Service offer?

We provide families with children aged up to 11 years with a wide range of information and support on key areas relating to family life.

Pregnancy, birth and the first 24 months can be tough for many mothers and fathers. Developing friendships with other new parents has lots of benefits; we provide a number of opportunities for new parents to meet before and after having a baby; for example, we work with local Midwives and Health Visitors to run the Preparing for Baby antenatal programme.

We are also here to support you with:

- **Worries about your child's learning and development.**

We can help with fun activities for your family to enjoy at home or more structured workshops.

- **Your child's additional needs.**

Did you know that we can help families with Children with Special Educational Needs and Disabilities (SEND) by providing information, advice and guidance?

- **Feelings of isolation.**

Are you feeling lonely or isolated from your local community? We are here to help.

- **Your own wellbeing and confidence.**

We can support you via one-to-one sessions or through parenting groups.

- **If you are experiencing domestic abuse.**

Support around developing healthy relationships is available.

- **Challenges with your child's behaviour.**

We can support you via one-to-one sessions or parenting groups. To find out about groups please look at the Hertfordshire Parenting Directory <https://directory.hertfordshire.gov.uk> or our Facebook pages.

- **Accessing childcare.**

Your 2 year old child could be entitled to 15 hours free early education, depending on your circumstances; we can support you to apply and find a space.

- **Volunteering opportunities.**

Are you interested in volunteering? Our volunteers can gain new skills and experience that can lead to further training or employment opportunities

- **Adult learning.**

We work with lots of local organisations to provide workshops and courses for self-development, well-being and confidence as well as qualifications and training.

In addition we provide a wealth of information on our district Facebook, Instagram or YouTube channels, follow us on social media by searching for '[Hertfordshire Family Centre Service](#)'.

Who provides the support?

The team is made up of highly skilled and trained staff, many of whom have worked directly with children and families.

We are passionate about all children being supported to reach their full potential, as well as supporting parents to do the most important job there is!

What do I need to do next?
