

## Wrap around care information

Dear Parents and Guardians,

We are pleased to introduce you to Premier Education who we partner with to deliver a comprehensive and enriching Wraparound Care, for all children in our school. This will include breakfast and after-school clubs.

Premier Education is the UK's No. 1 provider of childcare and physical activity in primary schools, having reached over 9 million children in the last year alone. With partnerships in over 2,200 schools nationwide, Premier Education is committed to inspiring children to lead healthy, active, and fun lives.

This collaboration will bring a premium, Ofsted-registered Wraparound Care service to our school, providing high-quality childcare before and after school in a safe, engaging, and supportive environment. These sessions are designed to complement the school day, offering a seamless extension to your child's learning and play experience.

## Key actions in preparation for September 2026:

**Register your child's details NOW - [Register - Premier Education - Family Bookings Portal](#)**

We recommend that all families register their child to ensure they are ready to attend and Premier Education has your details. If you do not register and require childcare, we cannot guarantee acceptance. All children must be registered to attend.

**Complete our 'interest' survey - [New intake survey - Please complete](#)**

Please take time to complete the above survey to inform Premier Education of your interest and requirements. This will allow Premier Education to plan and ensure capacity to take every family that requires childcare.
